Welcome to Ktima Kokotou

Ktima Kokotou has been the home of the Kokotos family since 1979 and a working winery producing acclaimed wines since 1981.

Set in the privacy of around 50,000 m² of rolling countryside and picturesque vineyards, it is conveniently located 10 minutes from Ekali.

With its spectacular grounds, Ktima Kokotou combines the Kokotos family's traditions in wine and hospitality and is the ideal location for any corporate or social event.

We hope that our unique function spaces will provide the perfect setting for your training and entertainment activities and will help forge long-lasting ties with your colleagues, clients and friends.

The Clubhouse “Oinodiadromes”

Set directly amongst the vineyards, the Clubhouse offers spectacular views of Mt. Parnitha. This elegant space features 2 large monastery tables which are ideal for bringing people together for workshops, presentations, meals and wine-tastings. The cozy living room and fireplace add to the relaxing atmosphere.

The outside terrace affords panoramic views stretching from Mt. Penteli as far as Euboea and leads to the estate's private chapel, dedicated to Agios Georgios “Methystis”.

The Tasting Room

The Tasting Room is the exclusive section of the Clubhouse, with wonderful views over the vineyards and Mt. Parnitha. It is suitable for smaller events, such as boardroom meetings and more intimate meals and tastings.

The Garden

Nestled between the vineyards and flanked by mature trees, the manicured Garden affords sweeping views over Attica, especially at sunset. It has a surface of around 4,000 m² and is mostly laid to lawn. It is approached through a cocktail area, which leads to the swimming pool and the dance-floor, set under an illuminated pergola.

An ideal venue for elegant events such as parties, concerts, al fresco dining, lunches and picnics.
